Dear Storage Customer,

It is time to prepare your boat for the winter months. Winterizing your boat can prevent very costly damage from freezing water in your engine & out drive. If you would like for us to do this service for you, please **fill out & sign** this form and **RETURN W/ KEY** to the marina **by NOV 1, 2016**. Please **DON'T WAIT FOR FREEZING WEATHER** to request this service for it **may takes OVER 14 DAYS to complete** & is done in a first come first serve basis. If you're done with your boat this year, leave keys in your boat & get on the list today.

OUR WINTERIZING CONSIST OF THE FOLLOWING

- Cooling system drainage or anti freeze addition
  - Fuel filter change
  - Change gear lubricant
  - Add fuel stabilizers to tank
- Engine oil & filter change (Inboard/Outboard)
  - Disconnect Battery Terminals

Pick up **your FREE Moisture observer dehumidifier bag**, upon completion of winterizing, to place inside your **covered** boat.
